During introductions, you'll be invited to share very, very briefly (1 – 2 min maximum) who you are, the name of your organization if any, what your product or services are and why one would contact you over a competitor. You'll also be asked to share what you are looking for over the next month, and where you'd like prayer as well.

This would be your "elevator pitch".

# SIAN

The *Vision* of Spirit  
In Action Network

wherein members co-  
create their business  
and professional  
experiences through  
the implementation of  
spiritual principles  
and universal laws.

**The *Purpose* of SIAN is to provide a Business Network founded upon spiritual principles.**

SIAN's *Mission* goes way beyond the typical business and industry networking groups. Here, the focus is on building relationships rather than finding that next sale. SIAN members provide assistance and mutual support with the development and implementation of sound business principles that support lucrative and highly rewarding business experiences while simultaneously exercising deep spiritual principles.

**Some specific Business Principles we support are:**

- The Development and implementation of working business and marketing plans
- Human resources policies
- Financial structure
- Business growth
- Risk management practices

**We Accomplish this through:**

- Prayer
- Meditation
- Visualization
- Presentations
- Workshops

*In SIAN, we have chosen to adopt a set of core values, predicated upon Universal Law. It is our hope that, should you hear the call to deepen your business practices, you join us. We don't see ourselves as a substitute for the typical networking group. We see ourselves offering a much deeper understanding of the highest possible principles of success. Join us as, together, we learn, grow and lift each other up.*
